# Imputed Costs

---

## Definition:

Imputed costs are unreimbursed goods and/or services provided by one entity to another.

# Statement of Federal Financial Accounting Standard Number 4

- Often Called the “Full Costing Standard”
- Requires that Entities Recognize the Full Cost of Doing Business by Recognizing Imputed Costs
- Encourages Formalized Agreements and Reimbursement to Eliminate Imputed Costs Where Possible
- Entity Providing Unreimbursed Goods/Services has Responsibility to Provide Imputed Cost Information
- Allows for Estimation by Recipients if Providers Do not Provide Information
- Limits Recognition to Material Items That:
  - Are Significant to Receiving Entity
  - Form an Integral Part of the Entity’s Output
  - Can be Identified or Matched to that Entity

# Interpretation Number 6

- Delays Full Implementation of SFFAS 4
  - FY 2008 for Inter-entity Costs (DoD to non-DoD)
